The Forest Reserve.

The North Platte forest reserve, which Congressman Kinkaid, in a letter to The Tribune, says will probably be opened to settlement October 1st next, is located in the west part of McPherson and Grant counties and consists of about 370,000 acres. The greater part of the land—that north of town eighteen miles—is in the Broken Bow land district and the remainder in the North Platte district. There are about 175 sections in this land district. Mr. Kinkaid's letter indicates that the entries will be under the 640 acre act. The land as a whole is rough and sandy and better adapted for grazing purposes than for farming.

Biddie Kane Passes Away.

Biddie Kane died at the Neville residence Sunday evening at five o'clock at the age of about seventy-nine. Death followed an illness of several weeks, and was due to physical troubles of advanced age.

In point of continuous residence, the deceased was North Platte's oldest resident, coming here with the M. C. Keith family in the latter part of the sixties. When but a young girl her parents died, and she was given a home by Mr. and Mrs. Keith, who were then residents of New York State. Later the family moved to St. Joe, Mo., where Biddie accompanied them, and then about 1868 the family removed to North Platte and the deceased had since resided here. When M. C. Keith died, provisions were made in his will for the support of Biddie as long as she lived, and after Mr. Keith's death she continued to make her home with the grandson M. Keith Neville.

Though for so many years a resident of our city, comparatively few of our people knew her personally, her friends being limited to members of the household and a few of the nearer neighbors. Of late years she had been a recluse in her home and it is said she had not been on the up town streets for a dozen or more years.

The funeral was held from the Catholic church this morning.

C. F. TEMPLE.

Rev. Favoright Resigns Pastorate.

North Platte Neb., March 2, 1913.

To the First Baptist church, My dear people:

In the wisdom and providence of God, the time is at hand for the ties, that have bound us so closely in fellowship and service for so long a time, to be severed.

This step has not been taken hastily nor unadvisedly, nor until the Lord provided other workers, who are just now available to carry the work right forward.

For a good many months constant prayer has been offered for the Spirit's guidance in this matter. It will be strictly true to say that purely a sense of duty has kept us at our post for more than a year past. The sure guiding hand of God, and your answering loyalty and devotion have made it impossible for us to leave sooner, though personal inclination has pressed hard at times, and other Macedonian cries have come.

Until our work was done, and other available leaders were forth coming to do a greater work we could not leave. The church equipment and church life ushers in a new era, and the Lord provides new leaders. There are higher heights yet to attain and your devotion, consecration, loyalty, co-operation and unfailing support will bring about greater achievement and multiplied victories.

Beloved, hard and painful as is the task, I hereby offer my resignation as pastor of this church, to take effect not later than May 1, 1913.

Kindly take action on this next Wednesday evening, March 5th.

Most Sincerely Yours,
In the interests of this church and the Kingdom of God.

R. B. FAVORIGHT.

Kearney Woman to Have an Election.

Kearney appears to be full of suffragettes, and just now the question of wet or dry occupies their serious attention. Of course, a majority of them are feminist the wet proposition, and a novel plan to be carried out is to give the women of the town a chance to voice their sentiments on the wet and dry issue, prior to the regular city election.

It is the plan of the women's auxiliary that a special election be held on March 8 at which the women only will be allowed to cast their vote. Election booths will be established at regular given points and ballots printed and polls opened the same as city elections. This plan has been tried in other cities and proved a most effective way of getting a straw vote upon the question.

The Waste of the Wash Tub.

Talk about waste! One of the biggest wastes in the world is when a woman stands at a wash tub and tries to do the work of a modern power laundry. Wash tub washing means waste of time and money. It is bad for the clothes and worse for the wash woman to wash clothes properly; they should be sent to a laundry that uses up to date equipments.

Buick Shortage Coming.

Mr. Davis of this firm has just returned from Buick headquarters with the announcement that Buicks are selling at an alarming rate: that three-fourths of the Buick factory's output for 1913 has been SOLD and DELIVERED; that the Lincoln branch has received over 1000 of the new model Buick cars: that we may not be able to get all of the 150 Buick cars which we have purchased.

There were a number of disappointed Buick buyers last summer. Profit by their experience and order now. The spring rush will make it hard for you to secure a Buick a little later.
